PRESS STATEMENT

WE MOURN BRIAN CHIRA

The Atheists In Kenya Society mourns the loss of Brian Chira who died following a road accident in Karuri, Kiambu.

Brian Chira tribute was courageous and his courage helped to promote gender equality in Kenya.

As a person who openly discussed his sexuality via TikTok, he was a victim of cyberbully and online hate. As we mourn Brian Chira, we also honor those who live their lives with courage and integrity, often against great odds.

We redouble our commitment to ending violence, injustice, and discrimination everywhere that targets the LGBTQ community.

Sincerely,

Harrison Mumia
President, Atheists In Kenya Society
