PRESS STATEMENT

DEAR RUTO, FIRST KICK OPARANYA OUT OF CABINET

President William Ruto has established a Multi-Agency Team on the War Against Corruption (MAT), a high-level task force aimed at unifying government efforts to combat graft, economic crimes, and financial misconduct.

How can anyone take President Ruto seriously when he appointed former Kakamega Governor, Wycliffe Oparanya into the Cabinet, fully aware that he was under investigation by the EACC over the embezzlement of KSh 1.3 billion?

If Ruto is genuinely committed to fighting corruption in Kenya, he should lead by example and dismiss the CS for Cooperatives and MSME Development, Wycliffe Oparanya.

The Atheists In Kenya Society urges Kenyans to dismiss this initiative with the contempt it deserves. It is an outdated Moi-Era tactic.

Ruto is evidently not committed to addressing corruption in Kenya.
